The OA reserves the right to accept or reject the entry of any yacht and will have the authority to interpret the conditions governing the event and shall assign yachts to classes.

1 RULES

- 1.1 The event will be governed by *The Racing Rules of Sailing* (RRS), including the US Sailing prescriptions; applicable class and/or rating rules; the Notice of Race (NOR); and the Sailing Instructions (SI). - 1.2 The deeds of gift of the **Beauregard "Bugs" Avegno Trophy** and **Jack Dane Trophy** will also apply.
- 1.3 Between the local hours of sunset and sunrise, RRS Part 2 will be replaced by the *USCG Navigation Rules* (IRPCAS/COLREGS) Part B—Steering and Sailing Rules.
- 1.4 Monohull yachts shall be governed by the *Bylaws of the GYA Performance Handicap Racing Fleet* (GYA-PHRF).
- 1.5 Multihull yachts shall be governed by the *GYA Multihull Council* (GYA-MC) *Safety Recommendations*, for which the event shall be classified as Category 2.
- 1.6 RRS 26, 62.1(a) and 63.7 are altered herein. Other documents may change other rules.

- 1.8 Yachts shall set only one (1) staysail at a time and it shall not extend beyond the rated LP distance.
- 1.9 Whisker poles shall only be set to windward, except while gybing.
- 1.10 NON-SPINNAKER classes shall not set unstayed, free-flying sails, such as a spinnaker, gennaker, flasher, shooter, blooper, or any other sail cut, set or flown to simulate such.

2 YACHT ELIGIBILITY AND SAFETY REQUIREMENTS

- 2.1 The regatta is open to yachts rated 210 or lower with a valid rating certificate issued by GYA-PHRF or GYA-MC. Yachts with X-PHRF certificates may petition the OA for entry on a case-by-case basis.
- 2.2 RACE TRACKING – Each yacht shall provide and carry a GPS tracking device in accordance with the appendix RACE TRACKING SPECIFICATION. The device shall be operational from the time a yacht casts off before the start and until she next docks, after finishing or withdrawing from the race.
- 2.3 The equipment listed in Appendix A—SAFETY EQUIPMENT is suggested for all yachts. Additionally, the OA strongly recommends compliance with the requirements of the *ISAF Offshore Special Regulations* for Race Category 3, including the US Sailing prescriptions.
- 2.4 Prior to the start, each yacht shall hold a man overboard (MOB) briefing or drill with her full crew.
- 2.5 While racing, yachts shall monitor VHF 16 each hour, on the hour for five (5) minutes. Official RC communications may be broadcast by the USCG.

3 CREW ELIGIBILITY AND RESPONSIBILITIES

- 3.1 The term “Skipper” as used herein means the person, whether or not the owner of the yacht, who is so designated on the entry form and who is the Person in Charge of the yacht during the race. The Skipper is responsible for the yacht, its handling and safety, the conduct of the crew before, during and after the race, and compliance with the Notice of Race and the Sailing Instructions.
- 3.2 The safety of a boat and her crew is the sole and inescapable responsibility of the Owner, who shall do his best to ensure that the boat is fully sound, thoroughly seaworthy and manned by an experienced crew who are physically fit and sufficient in number to sail the boat in adverse conditions. The owner must ensure that all safety equipment is properly maintained and stowed and that the crew knows where it is kept and how it is used.
- 3.3 The Skipper shall make all race documents available to each crew member for review.
- 3.4 Single-handed entries will not be accepted.

APPENDIX P—PURSUIT STARTING SYSTEM

The purpose of the Pursuit Starting System is to apply time-on-distance rating (PHRF) corrections at the start of a race, instead of calculating the corrections after the finish. Thus, the fleet will finish in simple place-order and within a relatively narrow time span.

P1 PURSUIT STARTING SYSTEM

- P1.1 RRS 26 is omitted; 62.1(a) and Race Signals I and P are modified herein.
- P1.2 Each yacht shall have a prescribed Starting Time corresponding to her rating and calculated for the course distance, as shown in the starting sequence list distributed by the Race Committee. Starting Times may be altered by postponement.
- P1.3 A WARNING SIGNAL will be displayed with one sound signal not less than five (5) minutes prior to the first start of the starting sequence or following a postponement. The signal will remain displayed throughout the starting sequence, as follows:
Flag I – The starting sequence is active; each yacht shall start at her prescribed time.
Flags I over P – The starting sequence is active following a postponement; each yacht must check the postponement time displayed by RC signal boat and adjust her Starting Time accordingly.
- P1.4 For the purposes of the rules, each yacht's STARTING SIGNAL shall be her Starting Time and her PREPARATORY SIGNAL shall be four (4) minutes prior to her Starting Time.
- P1.5 The RC will attempt to make a sound signal at the Starting Time of each yacht entered in the regatta. Failure to make an accurate sound signal shall not be grounds for redress. This changes RRS 62.1(a).

P2 INDIVIDUAL RECALLS

- P2.1 The **I Flag Rule**, RRS 30.1 (around the ends), will be in effect for all starts.
- P2.2 The RC will attempt to hail the sail numbers of OCS yachts. The order, timing and success of these hails shall not be grounds for redress. This changes RRS 62.1(a).

P3 POSTPONEMENT

- P3.1 At its discretion, the RC may signal a postponement in accordance with RRS 27.3 before or during the starting sequence. Postponements will apply only to yachts that have not yet started.
- P3.2 Postponements will be made in five (5) minute increments. Prior to resuming the sequence, the aggregate duration of all postponements will be displayed by the RC signal boat in hours and minutes (H.MM).
- P3.3 If there is a sufficient gap in the starting sequence, the RC may reduce or omit previous postponements for subsequent starts by removing flags I over P, with multiple sound signals, and making a new Warning Signal. Yachts must remain vigilant for changes to the postponement status.

P4 SCORING

Yachts shall be scored in their finishing places, after applying any adjustments.

RACE TRACKING SPECIFICATION

1 OVERVIEW

Each yacht shall provide, configure, register, carry and maintain a GPS tracking device as specified herein. Live race tracking will be provided by Kattack.com. The public race tracking data will be available online, as linked via the event web site.

2 GPS TRACKING DEVICE

2.1 **OPTION 1 – SPOT Personal Tracker** or other suitable SPOT device, including the SPOT Basic Service Plan and Track Progress service add-on. SPOT devices are available from various retailers. SPOT subscription service is available at findmespot.com. SPOT devices, with Track Progress activated, may also be rented from various sources. *Local SPOT retailers: West Marine; Best Buy; Massey's; Cabela's; Bass Pro*

2.1.1 Track Progress mode (“SPOTcasting”) must be engaged on the SPOT device throughout the event. Note that this mode must be re-engaged on the device at least once every 24 hours.

2.1.2 Fresh batteries should last for several days in Track Progress mode, but replacement batteries should also be available.

2.2 **OPTION 2 – Kattack Mobile** app installed on a compatible GPS-enabled smart device (Apple or Android) with suitable data service plan. The app is available through Kattack.com and the Apple and Android app stores. Check with Kattack for compatibility with other smart devices.

2.2.1 **BATTERY LIFE** is a primary concern when using a GPS-enabled smart device for race tracking. Provision must be made to maintain the battery charge during the race. It is strongly recommended that the device be continuously connected to a charging device while racing.

2.2.3 Care must be taken that the Kattack Mobile app is able to run continuously throughout the race, as other apps or settings may occasionally interfere with its operation.

The mobile app continuously receives and records position data from GPS satellites, but relies on cellular technology to transmit the data back to the tracking site; it is intended for inshore use, but is adequate for near-shore races. There may be periods when a yacht is out of cellular range, but once it returns to cellular coverage, the previously recorded GPS tracking data is uploaded.

2.3 The tracking device shall be secured in a suitable location for best performance. Our experience in 2013 indicates that a waterproof enclosure secured above deck may work better than locating the device belowdecks; and carbon fiber sails seem to interfere with some GPS signals.

2.4 The tracking device shall be active upon casting off before the start of the race and shall operate continuously until the yacht is docked after finishing or withdrawing from the race.

3 DEVICE REGISTRATION

3.1 Prior to the race, the tracking device must be registered with Kattack.com, expressly for the event. Registration can be performed at any time after completing the event's online entry form, as follows:

3.1.1 SPOT devices must be turned on for a brief period (30 mins) prior to registration, so that the Shared Page contains some amount of track data. Then, email the Boat Name and Shared Page URL to tracking@southernyachtclub.org. Allow at least one (1) day for the URL to be processed.

3.1.2 For the Kattack Mobile app, enter the Boat Name and select the proper Race Feed in the drop-down list.

3.2 The RC will moderate the race tracking registrations for the event. You may check your registration by activating your GPS tracking device and going to the Kattack tracking web page linked from the event web site.

3.3 Pre-event testing is strongly recommended for all tracking devices and configurations.
